Greg Chapman

EDUCATION AND FUN WITH A HINT OF 'DANGER'

Providing Street Theatre styled entertainment with his Escapology, tricks & juggling but also his infamous Condensed Histories - Greg caters for all ages either standalone performances or a combination of both. Greg will have his enhanced mobile Tricycle stage.

This will be perfect for parades and events as he can take part in parades & perform in different areas of a showground during the day. A truly multi-skilled performer and his mobile Show.

Performer and writer, Greg Chapman created his first 'Condensed Histories' show with one intention in mind - to take history out of a stuffy academic setting and make it fun and interesting. From theatrical and street performances, to intimate spaces and large arenas, Greg has performances for all, involving a blend of juggling (including fire), comedy, magic, escapology, uni-cycling and - of course - historical facts appropriate to the venue/event. Performing shows on everything from the Civil War to the History of Steam, and from Roman Gladiators to his 'Completely Historically Accurate Re-enactment of the Battle of Agincourt (as performed by one man on a unicycle).

Camel Racing

Camel racing is a huge sport in the Middle East and is becoming increasingly popular in the West. JAC has been thrilling audiences around Britain since 2000. From Cheltenham Racecourse to the Royal Cornwall Show to the Ballymena Steam Rally, these camels have been there and done that.

The camels and the jockeys, specially trained by us, wear fantastically colourful Arabian style outfits to add pizzazz to your event. As well as racing, the camels are on display all day so the public can meet these splendid animals and learn more about them. Up to 4 camels race twice a day.

The camels race down the arena, the louder the cheering, the faster they go!

Animated Magical Moments

Sheridan rides around on his remotely controlled tricycle stopping on his way to chat and play jingles. A magical day's entertainment at any venue! (Seeing is believing) Sheridan has appeared at CRUFTS where he was definitely 'Best in Show'.

Suitable for all outdoor and indoor events. Sheridan can be dressed to suit your event or can be replaced on the tricycle by Santa Claus. Each character comes with 2 human operators working several spots throughout the day to suit the client's requirements.

The children's favourite, Murray the Mini Monster, on his smaller tricycle is more suited to flat, even surfaces such as shopping malls etc. (other characters are available).

Excellent value for money and a memorable experience.

Ian McCoy Magician

My name is Ian McCoy (www.ianmccoy.com) and I am a professional mentalist and magician with a worldwide reputation. For over a decade I was one of California's top magical acts and performed all around the world for blue chip companies, Hollywood celebrities, Las Vegas hotels and thousands of private individuals and on TV. I have also performed at Liverpool and Everton FC, The US Open Golf Tournament, Oakland Raiders, Lepardstown Race course Aintree Race course and other sporting events. I am also a published author and have degrees in History and Philosophy. I have incredible routines geared to all age groups and although I perform world class sleight of hand - I am regarded as one of the finest exponents of mentalism and mindreading

which is executed in a fun filled manner. The late Robin Williams who I had the pleasure of working with described my magic and mentalism as "world class". I am, to put it simply, the best in the UK. "My close-up presentations are perfect for weddings when my magic and mindreading acts as a great ice breaker for two families coming together for the first time. I can take up the slack during photographs or during any time in the day when people are having cocktails or are waiting for dinner. In deed I can perform at any time of the special day keeping the guests enthralled when I am performing walkabout magic/mindreading – or my world famous close up magic and mentalism around tables. Finally, if wanted I can offer a platform show for everybody which is geared to the happy couple."

Wildlife Displays

Bryan Paterson is the son of a gamekeeper and gained knowledge and a passion for animals/birds and the countryside from an early age. He created 'Wildlife Displays' to fulfil his desire to work with animals and children. Bryan is very keen to get children involved in his presentations as he strongly believes that giving children the opportunity to learn about some of these more unusual animals at close quarters will perhaps encourage some of them to become the conservationists of the future.

Offering a selection of displays, Bryan and his qualified team members provide interactive sessions throughout the day with a 'hands on' approach with a variety of animals including, Snakes, Spiders, Scorpions, Insects, Meerkats, cute and cuddlies and Birds of Prey, all of which are captive bred, hand reared and used to being handled in a show environment.

Beatrix Potter Show

2016 saw the 150th anniversary of the birth of Beatrix Potter, one of our best-loved children's authors. Her tales of Peter Rabbit, Mrs Tiggywinkle and Jeremy Fisher have captivated generations and are still as popular today as they were when they were first published. To celebrate this most extraordinary success, Q20 Theatre produced a brand new piece of theatre based on the world of Beatrix Potter and featuring some of her most famous characters. This interactive show featuring music, dance and audience participation will spark the imagination of all who see it.

Join Miss Potter as she remembers her friends from Hill Top Farm and embarks on a brand new adventure. Mr Todd is a dapper foxy gentleman who thinks nothing of helping himself to a brand new 'kerchief from Mrs Tiggywinkle's washing line. When his stealing gets too much Mrs Tiggywinkle calls for help from the most famous bunny of all, Peter Rabbit. Together they trick Mr Todd and show him the error of his ways.
